Hospital Updates and Important Dates

Hospital Updates

Volunteers Return

The Auxiliary Board and hospital staff met on January 21, 2021, to discuss resuming volunteer services at the hospital. During that meeting, it was decided to bring the volunteers back in phases. The first phase began the week of February 15. There will be further discussion in March regarding phase two.

I know several of you are anxious to return. I do not have a firm date when all volunteers will return. I have enclosed a form for you to complete, so when appropriate, I will know what days you are available.

Once determined when volunteer services will be resumed in the department you volunteer in, I will contact you. At that time, we can verify your schedule.

If you have any questions please do not hesitate to contact me.

Important Dates

We will be holding a uniform sale on Thursday, April 8, in Conference Room 1.

Any questions please contact Angie
at
260-667-5338 or
260-367-1246

COVID - 19 Vaccine

Cameron has officially given over 10,000 vaccines. I know many of you have already received yours. If anyone would still like to receive their vaccine, please contact me, and I will get you scheduled.

The enclosed form also contains questions regarding the COVID-19 vaccine. All information will remain confidential. Cameron would like to have an idea on what percentage of individuals were vaccinated.

The vaccine is your choice, it does not determine if you can volunteer.

Volunteer Information Center

Recently I had a bulletin board installed and an additional drawer designated for volunteers. Both are located in the hallway behind Customer Service, next to the sign-in book, by the lockers.

The plan is to use this area as a central location for communications. Volunteers can use the new drawer to drop off paperwork that needs to be turned in. (You are always welcome to come down and see me but, this is probably more convenient.) If the paper work you have to turn in contains confidential information, please ask Customer Service to lock the drawer for safe keeping.

Cameron Hospital wouldn't be what it is today without the dedicated group of volunteers who graciously give their time, energy and talent to serve our patients and community!
THANK YOU!
